NOTICE

All ECE staff members are hereby informed that a demo lecture is being organized on the topic " **HD3 and 1000X series Oscilloscope**" on 29th December at 2 PM in A207.

Features of oscilloscope HD3:

- 7-in-1 integrated test and measurement instrument.
- Combines oscilloscope and mixed-signal analysis on a single platform.
- Includes protocol analysis and frequency response measurement capabilities.
- Provides signal generation and measurement using a waveform generator, digital voltmeter, and counter.

Features of 1000 X series oscilloscope:

- 50 MHz, 2-channel with 20MHz wave generator
- Bode plot measurement

All ECE faculty members and lab assistants who do not have any duties are required to be present.
