NOTICE

This is to inform all the students of B.Tech. ECE (Third Year) that the Third Review of the Mini Project will be conducted on 19-03-2026. The purpose of this review is to evaluate the progress of the project work, design methodology, implementation status, and preliminary outcomes.

All student groups are required to present the current status of their project, including problem statement, methodology adopted, work completed so far, and future scope of work. Students must ensure that the following are brought during the review:

1. Updated Mini Project Report / Documentation
2. Presentation (PPT) highlighting the project progress
3. Working model / simulation results / program codes, wherever applicable
4. Proper participation of all group members

Students are advised to be present at the venue at least 10 minutes prior to their scheduled review time. Non-attendance or unsatisfactory progress may be reflected in the continuous internal evaluation of the Mini Project.
