

Objective: To Nurture free thinkers not just artists.

The Digital Arts Society of BVCOE is a community of enthusiast Designers, Photographers, Illustrators, Cinematographers and Filmmakers.

-We let the world be our canvas to paint it with the light of our talent.

Philosophy: To fight for infinite dreams.

‘戦え’ or ‘tatakae’ means a fight or to attack in Japanese. We at DAS proudly wear this as a badge for we believe in continuously fighting to achieve the infinite dreams we weave.
