B. Evaluation of Vision, Mission of the Institute:

Institute		Remarks		
		1	2	3
Vision	To be an institute of excellence that provides quality technical education and research to create competent graduates for serving industry and society.			
Mission	M1: To impart quality technical education through dynamic teaching-learning environment.	✓		
	M2: To promote research and innovations activities which gives opportunities for life-long learning in context of academic and industry.			
	M3: To build up links with industry-institute through partnerships and collaborative developmental works.			
	M4: To inculcate work ethics and commitment in graduates for their future endeavors to serve the society.	✓		

Rating Scale: 1-poor, 2-Good, 3 - Excellent

C. Evaluation of Vision, Mission of the Departments:

Department of Applied Sciences		Remarks		
		1	2	3
Vision	The department aspires to be a center of excellence in education in basic sciences and technology with ethical and social values.			
Mission	DM1: To provide quality education through professional, problem-driven and interdisciplinary teaching methodology.			
	DM2: To make students sensible in terms of ethical and social values in pursuing their education.			

PRINCIPAL
Bharati Vidyapeeth's
College of Engineering
A-4, Paschim Vihar,
New Delhi-63

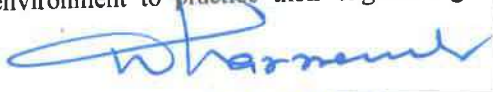

Department of Computer Science and Engineering		Remarks		
		1	2	3
Vision	To develop as a center of excellence in Computer Science and Engineering to produce graduates who are globally competent professionals with a sense of social responsibility.			
Mission	DM1: Impart technical knowledge in Computer Science and Engineering with the state-of-art infrastructure DM2: Provide a conducive environment for the holistic development of graduates DM3: Inculcate leadership qualities, teamwork, and strong ethical values among the graduates DM4: To promote a research culture and industry-academia collaboration to strengthen innovation			
PEOs	PEO1: To produce graduates with an in-depth knowledge of Computer Science and Engineering, and to contribute towards innovation, research, and excellence in higher studies PEO2: To inculcate life-long learning skills in graduates enabling them to adapt to changing technologies, modern tools and work in teams PEO3: To produce ethically responsible graduates who are involved in transforming the society by providing suitable engineering solutions			

Department of Information Technology		Remarks		
		1	2	3
Vision	To impart quality technical education to the graduates and groom them as world class IT Engineers, researchers, scholars and entrepreneurs to serve industry and society.			
Mission	DM1: Provide a platform to impart quality education through continuous teaching-learning process for ensuring lifelong learning in the field of Information Technology and related domains. DM2: Train graduates to apply their learning for innovation and research to propose methodology to solve real life problems. DM3: Prepare graduates for industry by involving them in various professional societies, industry internships and technical events. DM4: Inculcate ethical values among graduates to prepare them to be a responsible citizen of the society			
PEOs	PEO1: To train graduates to have a strong mathematical foundation, scientific, engineering and concepts of IT to solve real life problems by analyzing and designing solutions. PEO2: To imbibe among graduates qualities like excellent communication skills, teamwork, moral values, ethical conduct and technical excellence for real world challenges. PEO3: To galvanize graduates for lifelong learning through innovative activities and higher studies

Department of Electronics and Communication Engineering		Remarks		
		1	2	3
Vision	The department aspires to be an advanced center of learning by synergizing teaching, learning and research to produce competent engineers capable of serving the society.		✓	
Mission	DM 1: To prepare graduates with sound technical knowledge and motivate them to explore emerging areas of research DM 2: To create environment for the development of research and innovation activities DM 3: To build strong relationships with industry through collaborative partnerships, student internships and research towards product development. DM 4: To instill ethical and professional values among graduates with awareness towards societal and environmental concerns.	✓		
PEOs	PEO1: To produce graduates with in-depth knowledge in Electronics and Communication Engineering, who can provide professional engineering solutions in societal and environmental context PEO2: To provide graduates having self-learning abilities and effective communication skills for working as an efficient team member. PEO3: To provide graduates who are committed to professional ethics, responsibilities and standards of engineering.	✓	✓ ✓	

Department of Electrical and Electronics Engineering		Remarks		
		1	2	3
Vision	To gain and bestow contemporary technical education, and to encourage research in the electrical and electronics engineering domain, so as to produce industry-oriented and socially-responsible graduates.		✓	
Mission	DM1: To provide quality technical education in the area of Electrical and Electronics Engineering DM2: To develop a research-based learning environment for students to help them evolve in the emerging fields of engineering DM3: To promote collaboration with academic and industry experts for familiarizing graduates with the latest technological advancements DM4: To cultivate social-responsibility in graduates for maintaining a professional outlook while exercising ethical and moral reasoning	✓ ✓	✓ ✓	
PEOs	PEO1: Graduates will acquire the required domain knowledge and necessary skills to be able to interpret, analyze and solve Electrical and Electronics-based problems. PEO2: Graduates will be involved in research and development activities in consultation with industry experts to inculcate technical knowledge for successful careers in industries and/ or academia. PEO3: Graduates will understand their social and ethical responsibilities for working in a diversified environment to practice their engineering profession	✓	✓ ✓

Department of Instrumentation and Control Engineering

Department of Instrumentation and Control Engineering		Remarks		
		1	2	3
Vision	To develop globally competent and ethically strong Instrumentation and Control Engineers for industry and society through quality technical education and research.			
Mission	<p>DM1: To develop a competent Instrumentation engineer with high technical and professional skills.</p> <p>DM2: To establish a unique learning environment to support the research and innovation activity and entrepreneurial attitude.</p> <p>DM3: To collaborate with other academic, research institutes and industry to strengthen the education and research ecosystem.</p> <p>DM4: To inculcate moral, ethical and professional values among students to serve the society.</p>			
PEOs	<p>PEO1: Graduates will have the a strong foundation in mathematics, science and instrumentation and control engineering to become researchers, entrepreneurs and instrumentation professionals to satisfy the needs of the core industry, research, academia and society at large.</p> <p>PEO2: Graduates will have skills of design, analysis and adapt to latest technology for solving critical problem in multi disciplinary areas.</p> <p>PEO3: Graduates will exhibit professional ethics and values, effective communication, teamwork and ability to relate engineering issues to address the technical and social challenges.</p>

External Stakeholder Feedback Form(PART B)

Please tick against the correct option:

Management Representative/Employer/Parent/Alumnus/Academician/Industry Expert

A. General Information:

Name of Company/Organization: MECHAN ENERGY CORPORATION PVT. LTD
Name of Designated Person: NINU RAINA Designation: SR. MANAGER-HR
Email ID: ninu.raina@mechanenergy.com Mobile No.: 0-97716289167

B. Feedback for Curriculum Gap:

(Please specify any suggestions related to bridge industry-academia gap):

The education must supplement and go hand in hand with the requirement of industry viz:

- Knowledge of equipments, their usage etc - as per academics
- Communication is also an area where training is lacking
- Relation of projects to actual situations needs to be stressed

C. Feedback related to Industry Expectation:

(Please specify any suggestions related to advanced skill enhancement for industry readiness)

Email ID: ninu.raina@yateo.mohanenergy.com Mobile No.: 09716209167

B. Evaluation of Program Effectiveness: energy.com

Sr. No.	Program Outcomes	1	2	3
1	Engineering Knowledge: Apply the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.	✓		
2	Problem Analysis: Identify, formulate, review research literature, and analyse complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences.	✓		
3	Design/Development of Solutions: Design solutions for complex engineering problems and design system components or processes that meet the specified needs with appropriate consideration for the public health and safety, and the cultural, societal, and environmental considerations.		✓	
4	Conduct Investigations of Complex Problems: Use research-based knowledge and research methods including design of experiments, analysis and interpretation of data, and synthesis of the information to provide valid conclusions for complex problems.		✓	
5	Modern Tool Usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools including prediction and modelling to complex engineering activities with an understanding of the limitations.		✓	
6	The Engineer and Society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.		✓	
7	Environment and Sustainability: Understand the impact of the professional engineering solutions in societal and environmental contexts; and demonstrate the knowledge of, and need for sustainable development.	✓		
8	Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.	✓		
9	Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams, and in multidisciplinary settings.		✓	
10	Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as, being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.	✓		
11	Project Management and Finance: Demonstrate knowledge and understanding of the engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.		✓	
12	Lifelong Learning: Recognize the need for, and have the preparation and ability to engage in independent and lifelong learning in the broadest context of technological change.		✓	

Rating Scale: 1-Poor, 2-Good, 3-Excellent

Department of Computer Science and Engineering

Program Specific Outcomes (PSOs)		Remarks		
		1	2	3
PSO1	Ability to apply fundamentals of computational mathematics and algorithmic formulations to solve the real-time challenges of computer engineering encountered in research and industry.			
PSO2	Capability to design and develop software and hardware applications using logical, analytical, and programming skills learnt while also following professional and social ethics.			

Department of Information Technology

Program Specific Outcomes (PSOs)		Remarks		
		1	2	3
PSO1	To provide Information Technology based Solutions into the user environment through current trends, technologies and practices.			
PSO2	To provide a platform to obtain a position in area of Information Technology such as researcher, developer, analyst, tester and administrator in both Government and Private sector.			

Department of Electronics and Communication Engineering

Program Specific Outcomes (PSOs)		Remarks		
		1	2	3
PSO1	Analysis and Design of circuits for analog and digital systems	✓		
PSO2	Identify the role of interfacing devices in communication systems and create a prototype to meet the required functionality.	✓		

Department of Electrical and Electronics Engineering

Program Specific Outcomes (PSOs)		Remarks		
		1	2	3
PSO1	Graduates will manifest the technical knowledge in the sub-domains of Electrical and Electronics Engineering using modern tools.		✓	
PSO2	Graduates will be in a position to analyze, design and simulate various experimentation in the broad areas of Electrical and Electronics Engineering enabling them in providing engineering solutions to the industries and society.		✓

BHARATI VIDYAPEETH'S COLLEGE OF ENGINEERING, NEW DELHI

- How were your expectations met?

Great Deal Mostly Some What Not at all

- What aspect of the Workshop / Seminar did you find most helpful?

How to approach a solution to a problem in an effective and efficient manner.

- How is it useful to you personally.

Update the knowledge Improve Technical Skills Career Development

Any Other

- If any other, please specify?

Provides a great knowledge that how a problem is been handled and carried out.

- How do you think, the Workshop / Seminar could be improved further?

It was a great session and can be improved by having more visual representation

- Are there particular topics, that you would like us to address at future Workshops / Seminars?

More Practical Knowledge and Tech-stack used in the organization.

- Please add any further comments you might have.

- If you would like us to reply to your comments, please include your e-mail address.

Training & Placement Department

Minutes of Meeting

Date: 8/9/2022

Meeting Agenda: Discussion on Company (Employer) Visit Feedback

Objective: To review and discuss the feedback received from the company that visited the campus last year, focusing on Technical Quality, Attitude of students, and General Awareness.

Feedback Analysis:

Technical Quality: 77.14

Attitude of Students: 82.85

General Awareness: 71.42

Key Points for Discussion:

1. Organize a Workshop on Latest Technologies:

1.1. Plan and execute a workshop featuring corporate professionals to educate students on the latest upcoming technologies.

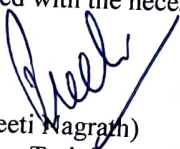

1.2 Enhance students' understanding of cutting-edge developments in their field.

2. Implement a Pre-placement Activity:

2.1 Develop and conduct a pre-placement activity to prepare students for future career opportunities.

2.2 Include components to improve technical knowledge, interview skills, and resume building.

These initiatives aim to address the identified areas for improvement and ensure that students are well-equipped with the necessary skills and knowledge for success in their professional endeavors.
